

May 7, 1975

PRESIDENT: Senator Duis, the question is whether this is to be taken up now or after Final Reading. Would you want to request unanimous consent to take it up out of order during Final Reading?

SENATOR DUIS: If you don't mind I would like to have that very much.

PRESIDENT: Alright, there's a request for unanimous consent to take up this resolution at this time. Is there an objection? It is so ordered. Read the Resolution Mr. Clerk.

CLERK: Read resolution 42.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, I would ask for suspension of the rules so that we might take this up immediately. Any member of the Legislature who desires to have his name added, if he will merely . . . or if they desire to have it be unanimous I would like to have them make it known now so that they can add their names to it. I didn't do this with the intention of oversighting anybody. I did it in a hurry. Anyone who wishes to have their name added to it certainly may do so at the present time. I ask for suspension of the rules and take it up. What we want to do here is we want to show not only the monetary thing that we might be able to do but the humanitarian thing that we might be able to do to help in this terrible disaster in Omaha.

PRESIDENT: In the absence of an objection, Senator Duis, we already have unanimous consent to proceed with this during Final Reading. It would be the Chair's opinion that we do not need the suspension of the rules at this time.

SENATOR DUIS: Thank you very much for the decision. If anyone else would like to have their name added, if they'd make it known then we'll go right ahead with it.

PRESIDENT: I have some lights on. Senator Koch.

SENATOR KOCH: Mr. President, members of the body, I would suggest that the resolution would include not just Omaha but there are other communities that were hit.

PRESIDENT: I think it does.

SENATOR KOCH: Does it include all of Nebraska where it was hit?

PRESIDENT: Yes.

SENATOR KOCH: That's my question. Thank you.

PRESIDENT: Senator Kennealy.
